

NAIOP Raleigh Durham 2021 In Person Safety Guidelines

All in-person attendees at NAIOP Raleigh Durham events will be required to adhere to our safety guidelines at all times. Face masks are required during registration and networking in meeting areas, unless you are seated at your individual seat or during meals.

Please read our safety guidelines to ensure you are committed to participating in an in-person NAIOP Piedmont Triad event in 2021. Attendees who wish to attend in-person **be required to adhere to “NAIOP Raleigh Durham In-Person Safety Guidelines” in order to participate in our in-person events.** NAIOP Raleigh Durham, as well as our vendors, continue to follow the CDC and NC DHHS for recommendations on safety protocols and guidelines. At a minimum, NAIOP Raleigh Durham in-person requirements will meet or exceed current CDC and NC DHHS recommendations for the health and safety of all attendees. As we monitor the status of COVID-19, we will provide updated in-person guidelines as we approach each event. Requirements outlined below are subject to change at any point leading up to an in-person event.

As an in-person attendee your safety is our top priority. We have developed the following guidelines and we require that attendees strictly adhere to all guidance in order to make our 2021 events safe, secure, and enjoyable for all.

“NAIOP Raleigh Durham In-Person Safety Guidelines”

- For the safety of all attendees, whether vaccinated or not, face masks are required during registration and networking in meeting areas, unless you are seated at your individual seat or during meals.
- NAIOP Raleigh Durham staff have developed specific seating arrangements to allow comfortable and appropriate space throughout the meeting space.
- Practice proper sanitation measures, which include using our widely provided hand sanitizers and wiping down frequently touched surfaces in your seating area.
- Assess your personal health prior to arrival, so that you can confirm body temperature below 100.4 F, no new cough, no shortness of breath or difficulty breathing, no loss of taste or smell, no chills, and no sore throat.
